Without limiting the generality of the foregoing, the following rights are expressly reserved to the Association or the Owner, as the case may be:

- a. **Right to Convey:** The Grantor retains the right to sell, mortgage, bequeath, donate, or otherwise convey the Nature Preserve. Any conveyance shall remain subject to the terms and conditions of this Conservation Easement and the subsequent interest holder shall be bound by the terms and conditions hereof.

In the event of a breach of this Conservation Easement or in the event of a breach of the terms of this Agreement by the Association and/or the Lot Owner as it relates to the Nature Preserve, OSP shall have the following remedies and shall be subject to the following limitations:

- a. **Actions Against an Owner.** An action may be brought against an Owner who has violated the prohibitions on use which can be made of the Nature Preserve or who is threatening to violate said prohibited use. Prior to an action being brought against an Owner, OSP shall provide written notice, as set forth herein, to the Owner advising the Owner of the violation and demanding that the Owner abate and cure the violation.
- b. **Actions Against the Association.** If OSP is unable to determine the party who has violated the prohibitions on use which can be made of the Nature Preserve or who is threatening to violate the said prohibited use, OSP may bring action against the Association. Prior to an action being brought against the Association, OSP shall provide written notice, as set forth herein, to the Association advising the Association of the violation and demanding that the Association abate and cure the violation.
- c. **Requirement of Notice.** If, for a twenty-eight (28) day period after the date of written notice as provided above ("Notice Period"), the Owner or the Association, as the case may be, continues in its prohibited use or in its threatened prohibited use of the Nature Preserve, or if the Owner or the Association, as the case may be, does not abate the violation during the Notice Period, or if the Owner or the Association, as the case may be, does not take substantial corrective measures within the Notice period, or if the Owner or the Association, as the case may be, should fail to continue diligently to cure such violation until finally cured, OSP may bring an action in law or in equity to enforce the terms of the Conservation Easement and recover any damages for the loss of the conservation values protected hereunder, including without limitation, attorney fees. The remedies available to OSP include, without limitation, enjoining the violation through injunctive relief, seeking specific performance, and obtaining declaratory relief, restitution, reimbursement of expense including without limitation the expense of restoration of the Nature Preserve, and/or an order compelling restoration of the Nature Preserve.
- d. **Emergency Action Without Notice:** If OSP determines that the use permitted by this Conservation Easement is, or is expected to be violated, OSP will make a good faith effort to provide notice to the Owner. If, through reasonable efforts, the Owner cannot be notified, or if OSP determines, in its sole discretion, that the circumstances justify prompt action to mitigate or prevent injury to Nature Preserve, then OSP may pursue its lawful remedies without prior notice and without awaiting the Owner's opportunity to cure
- e. **Actual or Threatened Non-Compliance:** Grantor acknowledges that actual or threatened events of non-compliance under this Conservation Easement constitute immediate and irreparable harm. The Grantor acknowledges that OSP's remedies at law for any violation of the terms hereof are inadequate and OSP is entitled to injunctive relief, both prohibitive and mandatory, in addition to such other relief to which OSP may be entitled, including specific performance of the terms of this

Conservation Easement, without the necessity of proving either actual damages or inadequacy of otherwise available legal remedies.

- f. **Cumulative Remedies:** The preceding remedies of OSP are cumulative. Any or all of the remedies may be invoked by OSP if there is an actual or threatened violation of this Conservation Easement.
- g. **Delay in Enforcement.** Notwithstanding the foregoing, any delay in enforcement shall not be construed as a waiver of OSP's rights to enforce the terms of this Conservation Easement.

Section 5. Ownership Costs and Liabilities: The Association shall indemnify OSP against all costs and liabilities relating to any claims during the tenure of the Grantor's ownership of the Nature Preserve.

ARTICLE VIII NATURE BUFFER

Enforcement of these Covenants and Restrictions shall be by any proceeding at law or in equity against any person or persons violating or attempting to violate any Covenant or Restriction, either to restrain violation or to recover damages, and against the land to enforce any lien created by these covenants. Failure of Developer, the Association, any Owner, or the City of Macedonia to enforce any of the terms of these Covenants and Restrictions shall in no event be construed, taken or held to be in any manner a waiver thereof, or acquiescence on or any consent to any further or succeeding breach or violation of the term of this Declaration, and Developer, the Association, any Owner, or the City of Macedonia shall at any and all times have the right to enforce the terms hereof and to prevent any other violations and breaches of this Declaration, however the failure, refusal, or neglect of Developer, the Association, any Owner, or the City of Macedonia to enforce the same and to prevent any violations or breaches of the terms of this Declaration shall in no manner and to no extent whatsoever make the Developer, the Association, any Owner, or the City of Macedonia liable in connection therewith.

To modify the Declaration in accordance with this paragraph, Developer shall file a supplement to this Declaration setting forth the Amendment. In furtherance of the foregoing, a power coupled with an interest is hereby reserved and granted to Developer and/or to the Board of the Association to vote in favor of, make, or consent to a Subsequent Amendment on behalf of each Owner as proxy or attorney-in-fact, as the case may be.
